

Do you want to know the quickest and simplest way to elevate your team's engagement and productivity?

THE WORKING GENIUS TEAM TRANSFORMATION

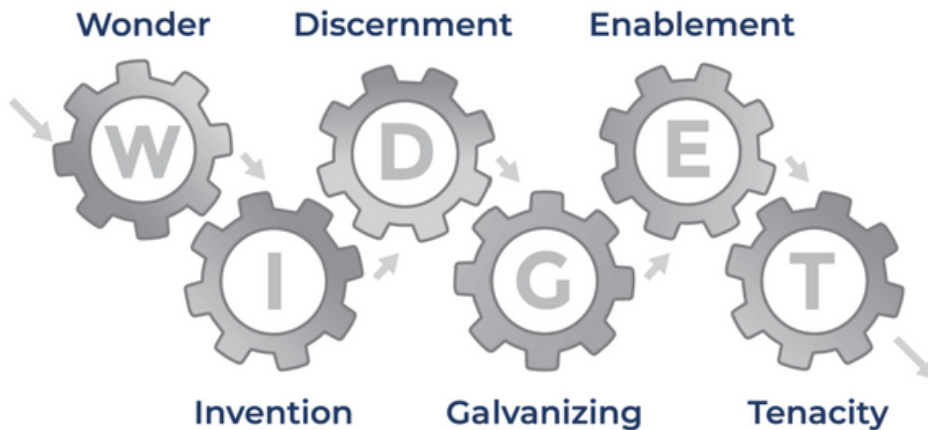

The Working Genius is Patrick Lencioni's (The 5 Dysfunctions of a Team) newest teamwork model. It helps individuals and teams better leverage one another's strengths and understand how to be both productive and fulfilled at work.

The model identifies the 6 fundamental activities that are required for any type of work. It helps people discover the types of work that bring them energy and fulfillment and avoid work that leads to frustration and failure. It's especially powerful when teams adopt this framework - which is exactly what we will help you do!
